

THE NEW GRAY WAY

Now there's a whole new way to go south at Exit 63 in Gray, because a new traffic pattern makes exiting and entering the Maine Turnpike easier.

HERE ARE THE CHANGES YOU NEED TO KNOW ABOUT:

- There is a NEW CROSSROADS where Rt. 26A, Rt. 202, and new Maine Turnpike southbound on and off-ramps meet.
- The NEW SOUTHBOUND ON-RAMP begins at the crossroads and goes straight to the Turnpike.
- The NORTHBOUND on/off-ramp patterns stay the same.

The Maine Turnpike Authority thanks you for your patience during Turnpike improvements, and as always, drive safely.
