

2020 CONSTRUCTION PROJECT

MAINE
TURNPIKE

Grove Street Bridge, Sabattus

Project Highlights

- \$352,000 project - part of \$968,000 contract
- Awarded to CPM Constructors from Freeport, ME
- Replacement of bridge wearing surface
- Repairs to bridge joints, concrete deck and substructure
- Bridge to be closed for up to 21 consecutive days
- Closure tentatively scheduled to begin on July 13, 2020
- Detour route will be signed during closure

This project includes repairs to the Grove Street Bridge that crosses over the Maine Turnpike at Mile 83.7 in the Town of Sabattus.

The repairs include replacement of the bridge pavement and membrane, work on the bridge joints, repairs to the concrete deck and approach work.

During the repairs, the Grove Street Bridge will be closed to traffic for up to 21 days. The closure is tentatively scheduled to begin on Monday, July 13, 2020. During the closure a detour route will be signed.

Grove Street Detour Route

Approximately 3,200 vehicles travel over the mainline of the Maine Turnpike on Grove Street daily. Traffic will be routed around the construction site via a detour using Crowley Road, Middle Road and Sabattus Street. The detour as signed is approximately 10 miles long from one side of the bridge to the other.
