

2023 CONSTRUCTION PROJECT

MAINE
TURNPIKE

Wilson Road Bridge, Kittery

Project Highlights

- \$740,000 project - part of \$2.4 million contract
- Awarded to CPM Constructors of Freeport, ME
- Work includes deck repairs and pavement replacement
- Wilson Road bridge to be closed for up to 28 days
- Bridge will not be closed during the school year
- Closure tentatively scheduled for summer 2023
- Detour route will be signed during closure

This project includes repairs to the Wilson Road Bridge that crosses over the Maine Turnpike at Mile 2.0 in the Town of Kittery.

The bridge work includes pavement and membrane replacement, deck expansion joint repairs and approach work.

During the construction, CPM will be allowed to close Wilson Road for a maximum to 28 consecutive days.

The closure will not happen during the school year. The closure is tentatively scheduled for summer of 2023. During the closure a detour route will be signed.

Wilson Road Detour Route

Approximately 4,630 vehicles travel over the mainline of the Maine Turnpike on Wilson Road daily. Traffic will be routed around the construction site via a detour using US Route 1, Route 235, Beech Road and Route 101. The detour as signed is approximately 7.25 miles from one side of the bridge to the other.
