

Jeffrey Abbott, of Saco, started his career with the Maine Turnpike Authority in late December of 2010 as a seasonal Highway Maintenance employee, plowing and maintaining the road during the winter of 2010-2011. Subsequently, on December 19, 2011, Mr. Abbott was hired as a full-time Highway Maintenance employee.

On January 20, 2017, Mr. Abbott and another colleague were removing a lane closure along a portion of the turnpike in the Portland area. Tragically, during this operation, Mr. Abbott was struck and killed by a vehicle that veered into the lane closure. We honor Mr. Abbott and his service to the Maine Turnpike Authority.
