

2018 CONSTRUCTION PROJECT

MAINE
TURNPIKE

Center Road Bridge, Litchfield

Project Highlights

- \$420,000 project part of \$918,000 contract
- Awarded to Scott Construction Corporation from Portland, ME
- Replacement of bridge wearing surface
- Repairs to bridge joints, concrete deck and substructure
- Bridge to be closed for approximately 21 days
- Closure is currently scheduled to begin in early June
- Detour route will be signed during construction (turn page over)

This project consists of general repairs and modifications to the Center Road Bridge over the Maine Turnpike at Mile 91.9 in the town of Litchfield.

The repairs include replacement of the bridge wearing surface, work on the bridge joints and repairs to the concrete deck and substructure.

During construction, the bridge will be closed to traffic to ensure the safety of construction crews and the public. The bridge is expected to be closed for approximately three weeks in June.

Center Road Bridge Project

Detour Route

Existing Average Annual Daily Traffic (AADT) on the bridge is approximately 1,400. Once construction begins, traffic on Center Road will be detoured using Dead River Road, Academy Road and Richmond Road. The detour as signed is approximately 6.0 miles.
