

2018 CONSTRUCTION PROJECT

MAINE
TURNPIKE

Blackstrap Road Bridge, Cumberland

Project Highlights

- \$400,000 project part of \$3.4 million contract
- Awarded to Wyman & Simpson, Inc. from Richmond, ME
- Replacement of bridge wearing surface
- Repairs to bridge joints, concrete deck and substructure
- Bridge reduced to alternating one-way traffic with lights during construction
- Alternating one-way traffic scheduled to begin May 3rd
- Substantial completion date: June 15, 2018

The project includes repairs to the Blackstrap Road Bridge over the Maine Turnpike at Mile 58.3 in the Town of Cumberland.

The repairs include replacement of the bridge wearing surface, work on the bridge joints and repairs to the concrete deck and substructure. During the repairs, the Blackstrap Road Bridge will be reduced to one way alternating traffic with a temporary traffic signal.

The bridge is expected to reopen to two-way traffic by June 15, 2018.

Blackstrap Road Bridge Project

Traffic Impacts During Construction

Existing Average Annual Daily Traffic (AADT) on the bridge is approximately 3,000. Once construction begins, traffic on Blackstrap Road Bridge will be reduced to one lane for the duration of the project. The project is projected to be substantially complete by June 15, 2018.
